

# TRAGIC WEEK IS RECALLED

Mexico City Is Once More Pestered With Rumors.

Santa Ana Girl Tells of Conditions in Capital.

Everybody Thinks Something Is Going to Happen.

BY MISS MARTHA WARREN.  
Formerly of Santa Ana, a Nurse in the American Hospital in Mexico City.

[Special Correspondence of the Times.]  
MEXICO CITY, Feb. 9.—The very air here in the capital is charged with disquieting rumors these days. We are all hoping that the terrible scenes of the "tragic week" of last February, when the Madero regime was overthrown and for days the streets of the city lay heaped with dead and dying will not be enacted over again. At that time for days none of us ventured outside the hospital. Bullets often cut through our trees and a frequently struck the building, and once a shell whizzed over our heads. Of course, we often hear rumors that lead to nothing, but this time even some seem to think that the days of Huerta's Presidency are near their end.

QUIET UNDER HUERTA.  
Since Huerta became President everything has been quiet here in the city, though we have often heard shots at a distance. At such times we usually learn afterward that skulking bands of Zapatistas have met and been routed by Federal troops. A few weeks ago this happened and eighty of the bandits—mostly the Zapatistas—were killed. I think that the people in the United States have a better chance to keep posted on the "Mexican situation" than we have here. We often get papers from home and read of happenings in Mexico that are news to us.

MULCTED BY REBELS.  
Outside the city, especially to the north, business is at a standstill. Mining and power plants have stopped work and moved everything valuable away. Usually two or three men are left in charge with orders to keep buildings and construction work from being destroyed. I had as a patient a short time in the American, who, with several other Americans, had been left in charge of the party-dance work at the city and dam up in Chihuahua. Some rebels came by and demanded \$500 pesos. It happened that there were just \$300 pesos on the place, and when the Americans handed this over without protest.

But in spite of the quiet in town it has been considered unsafe for any of us to go outside of the city and the nurses miss the long rides and the picnics we used to have in the country.  
SEE-SAW TO VERA CRUZ.  
Many Americans and other foreigners have left Mexico City at each new rumor of coming trouble. Often they have gone to Vera Cruz and stayed there for several days at the overcrowded hotels, paying from 10 to 20 pesos a day for poor accommodations, have come back when the rumors have subsided. Several of our nurses left on such an occasion and have since returned. I have seen a number of directors, who are in close touch with the American embassy, that we will be warned in time to get away before real trouble starts, or else postponed as long as it lasts.

UNDER AMERICAN FLAG.  
A good many of our patients are upper-class Mexicans, and they are usually as much disturbed as the foreigners when rumors are floating about. They always seem to be under American protection. A few months ago a well-dressed man came here and gave us a French name. He appeared more Mexican than French, though, and spoke both Spanish and English fluently. There seemed to be little the matter with him, but his own private doctor who came to see him prescribed quiet and rest and positively no visitors. After a week here about a week he left and then we learned the true reason for his visit. He was a French nobleman who threw that body into prison. In some way he had escaped and had been in hiding at the hospital until he could get safely away.

A DAY OF VIVAS.  
A sign of the times. Here is another. A few nights ago, at about 10 o'clock a. m., there broke on the stillness a tremendous hub-bub of playing bands, beating drums, blaring bugles and shouting men. I ran out of doors to see what the matter was and saw in front of Huerta's house, three blocks away, a great body of soldiers that stretched for three or four blocks beyond. It seemed that beside the noise of the instruments every man was shouting "Viva Huerta!" "Viva Mexico!" and other things that I wouldn't catch. After over an hour of this noise they went away, scattering the President in their midst. A gentleman who was with the noise of a true officer, and the air of knowing whereof he spoke, told me that on the morrow there

PANAMA, Feb. 9.—Complete reorganization of the Panama Canal Zone, with Capt. Frank C. Whitlock, United States cavalry, in charge, was begun today after Col. George W. Goethals, chairman of the Panama Canal Commission, had suspended John Burke, manager of the commissary department, and W. F. Shipley, chief clerk of the subsistence department, and had relieved from duty Lieut. Col. Eugene T. Wilson, chief of the subsistence department, at his resignation. Both departments will be placed on a permanent organization basis immediately and as a result many clerks will be dismissed.

Col. Goethals took possession of these offices on the receipt of a report of Special Agent Nye, who had investigated the charges against Burke that he had accepted gratuities in connection with the purchase of supplies for the canal zone. The investigation would be vigorously pushed.

Goethals read a list of the deposits made by Burke and of the properties seized by Burke during his term as manager of the commissary department. He said that he would give him a list of the properties seized by Burke in the transactions whereby Luria & Co. of Hamburg deposited \$25,000 in the name of Burke, and Le Leon & Co. of New York, \$20,000 to his credit in Indianapolis.

These firms were large sellers to the commissary department and the accounts of the firms were traced to Burke's accounts.

A list of the deposits made by Burke in Indianapolis, amounting to \$25,000, during his term as manager of the commissary department, was sent to the United States at Washington. A list of properties purchased by Burke in Indianapolis and in Canada, valued at \$44,000, was also sent.

Col. Goethals then informed Burke that he had accepted gratuities and that he had accepted gratuities and that he had accepted gratuities and that he had accepted gratuities.

Wilson, who had been relieved from duty, was also informed of the charges against him and that he had accepted gratuities and that he had accepted gratuities.

Shipley, who had been relieved from duty, was also informed of the charges against him and that he had accepted gratuities and that he had accepted gratuities.

Goethals then informed Burke that he had accepted gratuities and that he had accepted gratuities and that he had accepted gratuities.

Labor Leader Admits He Can Not Confirm Charges.

Chairman Orders Suspicious Expunged from Record.

BY A. P. NIGHT WIRE TO THE TIMES.  
DENVER, Colo., Feb. 9.—Charges of peonage, illegal imprisonment and anarchy were met by counter-charges of violence and insurrection at a stormy session of the Federal Strike Investigation Committee this afternoon. State officials and labor leaders were the witnesses, the testimony of the operators being reserved for the next meeting. It was announced that sessions would be held here tomorrow, all intention of going to Trinidad tonight having been given up.

Elmer Cross, superintendent of the Colorado Free Employment Bureau, who previously had testified that he believed peonage was practiced in the coal fields, continued his testimony with an attack upon the militia and the military methods of handling the strike situation in Southern Colorado. He said that Mario Zeni, arrested as a suspect, was kept awake five days and nights.

"They posted soldiers in front of his cell," he declared, "and those soldiers threw water on him, and stuck him with their bayonets. When he tried to go to sleep, Zeni was afterwards released."

He testified that he had been in the Federal House of Representatives and that he had been in the Federal House of Representatives and that he had been in the Federal House of Representatives.

# ENTHUSIASM AT ITS HEIGHT!

Los Angeles Men Jubilant at Prospects

Every man in Los Angeles has a wonderful opportunity to save money if he will only take advantage of it. The Palace Clothing Co., 323 South Spring street, recently purchased the high-grade stock of clothing of Rice, Stearns & Co. at Hanford, Cal., for about 50c on the dollar. Part of this stock was shipped here a few weeks ago and a second shipment has just been received. This will be immediately placed on sale at about 60c on the dollar. Included will be the many well-known famous makes handled by the Palace Clothing Co. A telegram to the manager here states that these suits are the cream of the stock and should be snapped up quick in Los Angeles. Never before has such a wonderful opportunity been presented here to acquire newest style, up-to-date men's clothes, of famous makes, at just about half their real value. It is seldom that circumstances are such that any firm is enabled to do so. If you really want a handsome suit or overcoat you should not fail to be on hand early, for the man who knows what real, genuine bargains are, will not fail to visit this store at once.

## Blood Outbreaks—AVOID Their Return by Giving Your Blood a Good Searching Bath

If you should meet anyone varnishing a blood outbreak with greasy ointment, your best advice would be to quit such things and attend to the blood.

Successfully fight any blood trouble, some eruptive skin conditions—call it eczema, lupus, psoriasis, macula or what you will—there is but one sure, safe way to get rid of it. Ask at any drug store for a bottle of S. S. S. and you are then on the road to health. It is the action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the east. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies.

Out through every skin pore acids and other blood impurities are forced in the form of itchy eruptions, pimples, blotches, etc. The blood is stimulated to assume a great purifying of impurities, the stomach and intestines come to carry into the blood stream the waste, malarial germs, the bowels, kidneys, bladder and all excretories of the body are made to exert their force to expel every vestige of skin eruption.

There is scarcely a community anywhere but what has its S. S. S. Get a bottle of this famous remedy today, and if your case is stubborn or peculiar, write to The Swift Specific Co., 300 Swift Bldg., Atlanta, Ga.

Do not permit anyone to talk you into some other style of medicine or a substitute for S. S. S. No honest druggist will do this.

MAKES OLD PEOPLE STRONG AND WELL

We want to get the news to all old people about Rexall Olive Oil Emulsion, a remarkable new food-medicine which we firmly believe is the best remedy ever made to overcome the weakening, debilitating effects of increasing old age. It helps to rebuild wasted tissues, strengthen the nerves, and give new energy and a lively feeling to the body. It contains no alcohol or dangerous drug. It may not make you feel better for a few days, but if you do not feel much better and stronger before you have taken a quarter as much as you have of other medicines that have not helped you, we will gladly give back your money.

Rexall Olive Oil Emulsion contains pure Olive Oil and the Hypophosphites which, though they have long been endorsed by successful physicians, are here for the first time combined. The result is a real body, nerve and blood-building food-medicine that we believe is superior to anything else in overcoming debility, weakness and the liability to disease, and to tone and strengthen the nerves and enrich the blood.

You who are often troubled by various cold weather ailments, use Rexall Olive Oil Emulsion to get rid of them. It is a sensible, pleasant-tasting aid to renewed health. If it doesn't help you, come and tell us and we will give back your money without a word. That is how much faith we have in it. Sold only at the 7000 Rexall Stores, and in this town only by us. \$1.00. The Owl Drug Company, 5 stores—Broadway and 5th; 625 Broadway, 3rd and Spring; 7th and Hill, 5th and Spring.

## THIRTY MILLIONS IN BONDS.

Issue for the General Betterment of the Service Authorized by the Milwaukee-St. Paul Road. (BY A. P. NIGHT WIRE TO THE TIMES.) JEFFERSON CITY (Mo.) Feb. 9.—Authorization to issue \$30,000,000 of bonds for the general betterment of service was granted the Chicago, Milwaukee and St. Paul Railroad Company today by the Missouri Public Service Commission. The new bonds will not draw in excess of 6 per cent. interest, and will include \$17,000,000 in bonds the company already has used for double-tracking and new rolling stock.

## THE "POTOMAC" IN DANGER.

Grave Fears Are Expressed as to Safety of Naval Tug Last Seen Near Ice Fields.

(BY A. P. NIGHT WIRE TO THE TIMES.) GLOUCESTER, Feb. 9.—Shipping men familiar with winter conditions of the southwest coast of Newfoundland expressed the greatest anxiety for the safety of the naval tug Potomac, which was last seen February 7, dashing out of the Bay of Islands to avoid ice fields, after an unsuccessful effort to rescue two imprisoned, fishing schooners. The ice fields of the Gulf of St. Lawrence at this season of the year are particularly menacing as the swift tides frequently cause them to crash together with great force. The services of the Potomac were given by the Navy Department ten days ago at the request of Congressman A. P. Gardner, acting for local fish dealers.

## SHORT CUT OF COAL.

(BY CABLE AND A. P. TO THE TIMES.) SURLING (N. F.) Feb. 9.—The United States naval tug Potomac was sighted Saturday in an ice floe five miles west of Bay of Islands. Observation from shore has been prevented since that time by a snow-storm.

When the Potomac abandoned her attempt Thursday to liberate ice-bound fishing vessels, she was short of coal and was using her reserve supply.

## CUTTER TO THE RESCUE.

(BY A. P. NIGHT WIRE TO THE TIMES.) PORTLAND (Me.) Feb. 9.—The revenue cutter Androscoggin with 300 tons of coal in her bunkers prepared to sail tonight for the Bay of Islands and the ice-bound naval tug Potomac.

## Chester Rowell's Candidacy.

(BY FRANCISCO BUREAU OF THE TIMES, Feb. 9.—[Exclusive Dispatch.] The political pot is still boiling, and every day brings new changes and fresh angles. The last thing is a public announcement made by Chester Rowell that he is a candidate for the United States Senate under the Johnson party cognomen. This party already has one candidate for that position in the person of Henry.

## Home Rule's Last Stand.

LONDON, Feb. 9.—[By Cable and the Times.] It is reported that the last Unionist device to form a dissolution of Parliament and thus defeat the measure providing for home rule for Ireland is for the House of Lords to reject the annual budget bill. If this were done the army would cease to exist and a constituent would be compelled to appeal to the country.

## New Exeter National Bank.

WASHINGTON BUREAU OF THE TIMES, Feb. 9.—[Exclusive Dispatch.] The Comptroller of the Currency has approved an application to convert the Citrus National Bank, with a capital of \$25,000.

## THE CITY AND ENVIRONS.

### EVENTS BRIEFLY TOLD.

#### Re-elected Commissioner.

William Wood was unanimously re-elected to the office of Horticultural Commissioner, at yesterday's meeting of the County Supervisors. No other name was presented.

#### Died of Dropsy.

John Huleman of Sanville, who was for a time a patient at the Westlake Hospital, where he was treated for dropsy, died on Sunday and yesterday his body was sent to his home for interment. He was aged 74 years.

#### Nebraska Reaction.

In order to obtain a complete roster of all of the Nebraska people residing in Los Angeles, the Nebraska Society will hold a registration reception at the Pasadena Hotel building on Thursday evening. Lincoln's Birthday will be celebrated at the same time with an appropriate programme.

#### Mrs. Kramer Dies Suddenly.

Mrs. Frances B. Kramer, wife of William Kramer, secretary of the Los Angeles Brevities Company, died suddenly Sunday night at her home, No. 1411 West Twenty-fifth street. Apoplexy was the cause. Mrs. Kramer had stepped to a telephone to communicate with a friend when she fell over in a faint. Dr. John Carling was called but she died before his arrival. A similar fainting spell occurred about three weeks ago.

#### Mission Glee Club Tour.

The University of Missouri Glee Club, thirty-five strong, under the leadership of Raymond N. Kline, is making a concert tour of this part of the country and will arrive in Los Angeles on Monday evening, and at the Gannett Club in this city on the following evening. The members will be the guests of the Missouri Alumni Association the next evening, the 17th.

#### Denies He Was Speeding.

R. H. Foster of the Wright-Caldwell-Andrews Company, who was mixed up in the four-cornered wreck at Wilshire boulevard and St. Andrews place on Saturday night, yesterday produced a witness in the person of Dr. J. A. Jackson to disprove the allegations made at the time that he was driving at a high rate of speed. On the contrary, alleges Foster, he was able to turn his machine into the curb and thereby escape the mix-up, although his own car was wrecked in so doing.

#### Funeral Services This Morning.

Funeral services over the remains of Victor Pomet will be conducted this morning at 9 o'clock at the home, and solemn requiem mass at the Cathedral of St. Vibiana at 10 o'clock. Interment in Calvary Cemetery. The active pallbearers will be J. M. Elliott, Joseph J. A. McGarry, J. C. Kays, C. Ganah and John J. Deran; honorary, Richard Dillon, Richard Moloney, J. J. Louis, C. White, Mortimer, Louis Sentous, T. L. Deque, Albert Ducommun, H. H. Newman, Dr. H. Nadeau and George Lichtenberger.

#### Edison Week.

Tomorrow will be the birthday anniversary of Thomas A. Edison and the Southern California Edison Company will open an Edison Week, a period during which the various municipal inventions of the wizard of electricity will be demonstrated. The diamond-cylinder Edison, the diamond-disc phonograph, the dictating machine and the kitescope, or home motion picture machine, will be shown in various uses. The entire window display of the store will be utilized in public demonstration work.

#### An Honor to Silverwood.

The Detroit Board of Commerce recently outlined a course of educational business lectures for the merchants and manufacturers of Detroit, and F. B. Silverwood of Los Angeles was selected as one of four prominent business men in the United States to lecture on the course. It was impossible for Mr. Silverwood to accept this opportunity, which is some honor for the city of Los Angeles as well as himself, due to his plans in relation to the California Shrine pilgrimage to Atlanta, Ga., to the 1914 session of the Imperial meeting of the Mystic Shrine Grocer Dies.

After a two years' illness, John A. Schieber, retired, for six years proprietor of the groceries at Fourth and Hill streets, and at Sixth street and Grand avenue, died Saturday night at his home, No. 1821 West Ninetieth street. He was 83 years old and came to this city in 1899. He leaves a widow, two sons, Homer J., of the Dyer-Cline Company, Oliver J., civil engineer on the Big Creek power system, and a daughter, Miss Ella, student at the State Normal School, Wesley G. Schieber, proprietor of the Atlantic Importing Company, New York City, and Reuben Schieber, a real estate dealer of Seattle, brothers of the deceased, will attend the funeral, also two sisters, Mrs. J. A. Walker of Bucyrus, O., and Mrs. Lydia Brubaker of Leesburg, Ind. The funeral services will be conducted at Breese Bros. undertaking parlors this afternoon at 2:30 o'clock. Interment will be at Inglewood.

## COOKING IS ART, SAYS LECTURER.

Mrs. Haffner-Ginger Returns  
to Teach Science.

Blames Domestic Tangles on  
Unskilled Housework.

"Times" School to Reopen  
Thursday Afternoon.

Dozens of notes of greeting have poured in upon Mrs. Bertha Haffner-Ginger since it was announced Sunday that The Times' domestic science lectures would be given under her direction, beginning next Thursday.

With her winning personality and her ability to know just what the housewife needs for their everyday tasks, Mrs. Haffner-Ginger, in the few years she has made Los Angeles her home, has become one of the most popular teachers of domestic science.

"Domestic science is an art," affirmed Mrs. Haffner-Ginger yesterday, as she busied herself with her plans for the coming series of lectures and demonstrations. "If more women studied how to prepare a well-cooked meal half as much as they study a bridge score there would be fewer divorce cases."

Mrs. Haffner-Ginger says she feels that she has straightened out as many domestic tangles as most of the divorce judges have. Many times, she says, the young wife only needs the knowledge of how to do housework to learn to enjoy the care of her home. It is the lack of skill in housework that makes it a difficult task, she says.

During the course of the domestic science lectures it will be Mrs. Haffner-Ginger's pleasure to assist her pupils over many a thorny place in the road to domestic bliss, and no one is more capable to lend a helping hand than this attractive, sunny-faced woman, who for sixteen years has devoted her time and energy to the untangling of the problems of domestic science.

Another feature of the domestic science lectures will be a series of excursions under Mrs. Haffner-Ginger's personal direction to the various food factories, and because of her popularity with the various companies whose foods she has demonstrated, Mrs. Haffner-Ginger will be in a position to arrange many such interesting excursions.

Thursday's lecture will be an outline of what the course will consist of, after which Mrs. Haffner-Ginger will serve attractive Valentine refreshments. If you are planning to attend Valentine Day affair, Mrs. Haffner-Ginger's ideas, which are always original, may be of assistance.

The series of lectures, which will be inaugurated Thursday, will be free to all who wish to attend. The hour will be 2 p.m. and the place the auditorium on the second floor of the Times Building at First street and Broadway.

Told They Must See.

## BEAUTIES ARE DENIED CRIMINAL COMPLAINT.

Miss Myrtle Talcott.

Who was second in the announced result of a recent "beauty and popularity contest," and who, with a number of other contestants, charges serious irregularities in the manner of arriving at the result.

THAT the recent rumormongering of the "beauty and popularity contest" conducted in conjunction with the "California" motion pictures at the Mason Opera-house must be settled in the civil courts was the statement made to disappointed contestants yesterday by Chief Deputy District Attorney Ford.

J. H. Aagaard, a stock broker in the I. W. Hellman building, who managed the campaign for Miss Myrtle Talcott, second in the contest, was authorized by Miss Talcott, Miss Edna Mason and Miss Bertha Lopez, all fair contestants, to lay their case before the District Attorney with a view to looking into the alleged irregularities which occurred in the last hours of the contest. Aagaard recited a composite of all the stories told by defeated contestants.

"If it can be shown that there has been fraud in the contest," said Deputy Ford, "you will have to prove that misrepresentations were made concerning a past or existing act and not concerning a future act. So that if any of the young women were induced to buy tickets and remain in the contest under the assurance that they were to benefit thereby, it is no more than a breach of contract and by com-

menting civil suit I have no doubt that the fraudulent transaction being shown, assuming that it exists, money that was paid in could be recovered."

Today will be an "experience" meeting of at least four of the fair candidates who participated in the contest. Following that meeting, said three of the young women yesterday, formal demands will be made upon the manager of the contest for the refunding of their money. In the event that this demand is not complied with, civil suits will be started, they say.

The contention made by Miss Talcott, Miss Mason and Miss Lopez is that they were induced to get votes in the contest and that there was a fair count, that the balloting on the final day was conducted irregularly and that there was discrimination against at least four contestants who were high up toward the lead in the voting.

"The only interest I have in the matter," said Aagaard yesterday, "is that fair play is done. I believe the girls have a good case and I will lend all my assistance to pushing it for the limit. I am interested in Miss Talcott particularly, because I managed her campaign and I don't think she had a square deal. We are going to bring suit for the return of money spent for votes in the contest."

## City a Great Center.

(Continued from First Page.)

Official usually considered to be concerned exclusively with technical matters, his ability has won him recognition as an intermediary between the railroad and the people, with a full record of praise from both.

Western, Sacramento, Salt Lake, Shasta and Portland divisions, with Drake as his maintenance-of-way assistant. F. L. Burckhalter, who has been division engineer at Portland, is to be retained in the company's service in charge of the electrification of the Portland, Eugene and Eastern Railway and allied electrical lines of the company in the Northwest.

MANY OTHER CHANGES.

Other changes made by Scott, who assumed the title of vice-president last Saturday, in addition to that of general manager on the retirement of E. E. Calvin to take service with the Oregon Short Line, are numerous.

T. W. Heinzelman, who has been superintendent of motive power with headquarters at Sacramento, becomes general superintendent of motive power, succeeding the veteran, E. J. Small, who has been superintendent of motive power at Portland, and Eastern Railroad. No successor to Younger has yet been named.

E. L. King, trainmaster at Dunsmuir, becomes superintendent of telegraph, succeeding Frederick S. Rawlins, deceased, while Auditor T. O. Edwards announces the appointment of F. L. McCaffery as auditor of the company. Vice G. W. Mulka, promoted, and Controller A. D. McDonald, named to succeed him as controller at New York, succeeding C. C. Barry, who was recently appointed auditor of the S&W Line.

## LEGAL LOOPHOLE.

Prisoner Charged With Violation of  
White Slave Law May Escape Second Trial.

Robert B. Cibick, charged with violation of the Mann act for having brought Bertha Lang, or Lake, here from Providence, R. I., may not have to face a second trial.

The Federal jury disagreed in the first trial, and the case was brought before United States Judge Wellborn yesterday for another trial date.

The judge, however, expressed the opinion that it did not specifically set forth the violation of the Mann act.

Cibick is alleged to have failed to keep a promise to marry the woman.

Postal Authorities Understood to  
Have Found Law May Escape Second Work of Company.

Investigation of the affairs of the Consolidated Midway Chief Oil Company by postal inspectors here is understood to have shown that any false representation regarding the company was not made with the knowledge of the officers.

H. L. Barber, a Chicago broker, who has been acting as fiscal agent for the company in the Windy City, is alleged to be responsible for certain literature sent broadcast over the country.

The company is, according to the books, a \$1,000,000 concern with 2500 stockholders, many residing here, and having as its president C. B. Walters, an osteopathic physician of this city.

Postal Inspector Trout's report on the investigation was forwarded yesterday to Washington.

Complication of an International,  
If Domestic, Character Arise Out of Mann Act.

Order for the deportation of Manzo Goto, a Japanese, was issued yesterday by United States Commissioner Williams following Goto's hearing on a charge of violation of the Mann act.

Goto's wife, a white woman, an unwilling witness, who, it is alleged, was brought here from a questionable house at Omaha, Neb., may also be deported, as she, under the law, took her husband's nationality when she married. Her case comes up Thursday.

The couple, it appears, were married on the high seas here after arriving from the Middle West. Throughout Goto's hearing his wife related again and again that this is all my fault; all my fault.

In 1889 I organized and incorporated the Pacific Rescue Home. A large building on Twenty-fourth street was leased for ten years and a building on Bartlett street was leased for five years. In 1892 the name of the incorporation was changed to the Florence Crittenton Home.

In 1897 the directors of the home voted to become one of the chain of national Florence Crittenton homes. Although I received a salary of \$600 a year, I had given to the home an average of \$1000 each year, besides buying eight life memberships in the society at \$500 each.

In 1900 I resigned as president of the society and the San Francisco Lying-in Hospital, also founded by me, was transferred to all parts of city. Election committee made all trains and steamers.

Howard Drew, the U.S.C. sprinter, shows Johnny Kane and the other fast men of the Vanitas team how to increase their speed.

PIPAL FAVORS NEW RULE LIMITING ALL COACHING.

FOOTBALL coaches will be a thing of the past if the new rule barring them from the sidelines is enforced, according to a number of Southern California football tutors. The new rule permits the trainer to assist the captain of the team, but there is to be no communication between the players and the coach.

According to Coach Pipal of Occidental, this rule will be an injustice to the coach who is responsible for the condition of the team and the lineup of the team; but it will not affect the coach of a large institution where he has a competent trainer to care for the players.

The Occidental coach said last night: "This idea of a coach having complete control over his men during the contest through a set of signals is all poppycock. There has always been a certain amount of sideline coaching done, but the average coach has little faith in his values."

Personally I think the rule barring coaches from talking on the sidelines during the contest is good, but if interpreted as meaning that they must not communicate with the players during the game, it will work a hardship on the coaches of the smaller institutions and high schools, and they may shake use of the rule and become trainers in name to get into the sidelines with their teams."

Pat Higgins, Rugby coach at U.C.C., said yesterday that it would be a good thing for the American game if some of the nervous coaches were kept off the sidelines as they made their men nervous with their actions. "They are a lot of nervous coaches that all in the Stanton camp were well satisfied with the changes in the rule, and if Pipal and Stanton wanted to do so with their teams during the big game next year, it could be agreed upon by the coaches."

HEN BERRY HAS BOTH "COMERS" AND VETERANS.

HENRY BERRY is going to have just about what the doctor ordered, when the ball season opens. If the fans want young blood, the Los Angeles manager will have it for them. If they want the grizzled old veteran, Henry will be able to trot him out. The Los Angeles baseball club is to be a war strength organization with two sets of players. One bunch, a lot of lively cubs, and the other set, seasoned heroes of long service.

In the outfield the Los Angeles fan will have Calvo, Allen, Harper and Spencer to admire and pan. These are part of Henry's younger set. The Angel manager expects great things of Jacinto de Calvo, the outfielder who is coming up from Havana. The Cuban boy is looked big and he is said to be delighted with the prospects of making his reputation with the local club.

Magarr, Ellis and Walters are the old-timers Henry has for the outfield. Walters is a holdout, and has been drawing down a salary of \$4500, a few dimes more than Henry wants to give him, but our old friend Henry thinks he will come into the fold all right when he finds out that he has to come back to a minor league.

The young pitchers Los Angeles is to have are Love, Barton, McKenry and Harkness. Love and Barton are the fair birds from Washington and this lad Harkness is no relation to old friend "Spec" Harkness.

Chech, Perrett, Ryan and Hughes are Henry's seasoned relievers. Just four men are after the first base job on Mr. Perry's club. Abstein, Moore, Dillon and Meek are the candidates. Meek is also a catcher, and is somewhat of a clever boy back there according to his manager.

Pase, Berge and Goodwin are the seasoned second basemen on the Angel payroll. Goodwin is looked upon as a real find and he will be given every chance to show himself. At college this lad was pretty much ball player and Henry Berry says he can pick the five ones.

Berge and Johnson are the short-batters. If Berry lands Berge, he says Johnson is to be shifted to third. Four probable ones are on the waiting list at third base and their labels are: Madzer, Johnson, Sawyer and Fahay. "Do you like 1917?" asked Henry as he twirled his cigar and closed his eye. We did.

MANUAL ARTS TO ENTER BIG SQUAD.

Twenty-four men from Manual Arts High School are entered in the Occidental relay carnival. The Vermont avenue school's entries were received by Manager Leaven yesterday and it is claimed that other names may be added to the list before Saturday.

Manual will be represented in three relay races and the added events, intercollegiate 100-yard dash and high jump and open pole vault. Coach Pipal expressed himself as well pleased with the representation from Manual Arts and said it showed up the high schools were taking up the right line and getting large squads into competition rather than a few select stars.

M'CAREY INVITED TO BIG MEETING OF PROMOTERS.

Sweeping Changes in Conduct of Fight Game May Result from New York Conference—Local Promoter Wants to Make Several Changes and Will Advocate Them—Champions' Rights to Be Limited.

LOS ANGELES is recognized as the capital of American fightdom. The western promoters realize that without California they cannot organize and make rules to govern boxing in the United States, and they have appealed to Uncle Tom McCarey. The local promoter has received an invitation from the New York Boxing Commission to attend a national boxing conference to be held in New York for the purpose of organizing and making rules to govern boxing throughout the United States. The western promoters are urgent in their requests that McCarey attend this conference, as they are forced to admit that without his support their organization will be a failure.

Rules governing weights and terms are what is wanted. The commission wants to get control of the champions before a fight reaches the top he is really handled by the promoter, and when he becomes a champion he usually takes on some fat about the head and alters weights, wants to dictate to the promoter and make all the terms for the match. The commission is after a scale of established weights and set rules, which will hold the champions within the law.

McCarey said yesterday that he would like to join this conference, as he has a few changes which he would like to suggest which he thinks would benefit the fight game, but he refuses to consider the matter until the New York Boxing Commission allows American bouts.

The no-decision rule is not a rule of the New York law. It is a rule of the Boxing Commission and could be changed to suit Uncle Tom as well as not.

McCarey's suggested changes for the rules of boxing call for the man who fouls in a clinch, not to lose the fight on a foul, but to be penalized. He wants the referee to have the same power as the umpire in baseball. If a man fouls, line him ten feet for the first offense. Double the amount for each additional offense in the same bout, and give the money either to the opponent or to charity. This rule, it is believed, would make both fighters careful and insure clean fighting in the clinches.

Another rule suggested by Uncle Tom is that the club promoting a fight have two representatives at the time the referee, one in each corner, not as ordinary towel-swingers, but as umpires, who would hear and see all that went on. If anything happens that they do not like, first then power to quit, and his manager tries to get him back into the ring, the club's representative would be there to prevent any harm that might be done to the boxing game.

Snowy Baker, The Australian promoter, who arrived in Los Angeles yesterday to arrange fighters for a big tournament.

SNOWY BAKER BLOWS IN WITH SOME REAL GOSSIP.

THE most interesting man connected in any way with the sport of boxing arrived in Los Angeles yesterday. He is the pugilist from Australia, Snowy Baker.

Mr. Baker is the light trust of Australia. With a monopoly on boxing in the four largest cities of Australia, he and boxing in the South Seas may be said to be one and the same thing.

He gives a boxing match every week in Sydney, Adelaide and Brisbane. In Melbourne he has two big boxing stadiums, in which he gives a big boxing show every week. In one of the Melbourne stadiums he also gives a matinee boxing show every Thursday. This matinee is attended largely by women.

AFTER SCRAPPERS. To keep so many shows going, he naturally requires a large number of boxers and he object in coming to California is to export a company of battle stars to keep the shows going.

Among others whom he has in mind are Joe Rivers, Jimmy Clabby and Willie Ritchie.

There seems to be a general impression that we are willing to take any fighter who wants to make the trip down to Australia, but I am not looking for mediocre fighters. We want stars. We used to have stars of our own, but the crop seems to have failed. But you must remember that we know them when we see them."

Mr. Baker was asked to what cause he attributed the deterioration of the Australian fighters. "THE REASON. "Lack of instruction and example," he said. "Young fighters learn from the old ones. For instance, after the visit of Jimmy Clabby, all the young boxers began fighting with his tricks. Australia has, for a time, filled with young fellows who were bounding back from the ropes, pretending to miss, then striking backward as Clabby does. Had the great Australian fighters remained with us, other Australian stars would undoubtedly have been developed. But you will remember that all the great Australian fighters left us almost in a body: went to America, and they never came back. Since then we have had no one to show our young fellows how to box. Aside from this, there has been a general falling off of the quality of boxing all over the world, due to the fact that young fellows rush into the ring for the purpose of making money before they have learned how to box. I offered \$25,000 as a reward for a new heavy."

DREW MAKES SPEEDY TIME

SHOWS BALL PLAYERS HOW TO RUN BASES.

Sprinter Gets Within One-Fifth of a Second of the Record in Race of Advance. (Continued on Page 10.)

"High-speed" Drew, America's fastest sprinter, streaked down to first base in three and two-fifths seconds in his demonstration of scientific base running at Washington Park yesterday afternoon. That was remarkable time considering the condition of the ground, which was hard and in poor shape for a speed test. This time is within a fifth of a second of the world's record, and the remarkable part of it was that he started from the right-hand side of the plate. The record was made by a left-handed batter and from a running start. Drew started the ball while having right hand on the plate and a goal of several yards at each base and he kept his head down and his eyes on the ball. He is a natural fast runner and a fast runner. Drew started the ball while having right hand on the plate and a goal of several yards at each base and he kept his head down and his eyes on the ball. He is a natural fast runner and a fast runner.

INCREASED SPEED. Drew demonstrated his method of sliding the bases without the necessity of the wide sweep of his legs, or changing his speed. In passing a base Drew runs on the inside of the base, touching it with his right foot instead of his left as most ball players do. This enables him to cut off several yards at each base and he keeps his head down and his eyes on the ball. He is a natural fast runner and a fast runner.

BIG LEAGUERS TO PLAY FOR CHARITY.

My league baseball is on the move for Washington's Birthday. Los Angeles fans are to be offered a game in which much big time will be seen under the brand of Bill or Kilgus of Columbus.

The game is scheduled for Washington Park, which has been donated for the afternoon by Henry Berry and Eddie Baker. The proceeds of the contest are to be devoted to charity by the two organizations.

Ray Hogan has been bustling around for the past three days getting a club together, and his club are a real bunch. Orville Overall is to pitch and Ray is going to be the star of the game at least.

Other big names on the Bill card are George Stoney of St. Louis (now Fred Stoney) of the Giants, Bill Leard, Penns Hoop, Chick Hartman, Ray Crum, and others.

Christy Walsh, who is managing the Knights of Columbus club, announced last night that he had some stars on his staff also. Billy Blaker of the Giants, Joe Berger of the White Sox, Fred Dickey, Jack Thomas, Billy Sullivan and others are among the players who will play ball February 23 for sweet charity's sake.

## JOE JACKSON BEAT COBB IN TWO DEPARTMENTS.

The Cleveland Outfielder Got More Hits from Walter Johnson Than Did Ty Cobb—He Also Threw Two Men Out at First—How the Star Batter Showed Against the Washington Pitching Marvel.

BY HERBERT J. LANTIER.

IF IT were left to the fans, a vote as to which man is the better ball player—Ty Cobb or Joe Jackson—would undoubtedly show the Detroit star to the lead. There are two things, however, according to the records, that Joe can do better than Ty. The most important being the way the man from the Cleveland outfielder hit against the acknowledged pitching king of the world, Walter Perry Johnson. Charles W. Somers' high-spirited performance against the Idaho phenom last season for eight seasons, totaling twenty-two hits, while the man from the Cleveland outfielder hit him fifteen times. Jackson could only get to the Washington pitcher for three hits, and more opportunities to bat against Johnson, during 1934, than did Cobb, but even so the fact remains that Joe outdid Ty when facing America's greatest hurler.

Jackson got more hits off Johnson last season than any other American League batsman. Though J. Franklin Baker piled up a greater total of bases off the Idaho phenom than did Joe, Baker's seven drives added him fifteen bases, three being singles, two being doubles and two being homers. One of Frank's four homers was the signal for Clark Griffith to use the recall on his star pitcher, who then was tossed off the staff for the only time during the campaign. The other smashes for the full distance being by Maryland's best-known citizen meant defeat for Johnson, but not a trip to the tall timbers.

Besides Baker, four other American League players managed to procure seven hits off Johnson during 1934. Those men were Ty Cobb and Jack Chesbro of the Red Sox and Jack Doherty and Ray Chapman of the Naps. Players who located the Scandinavian source, as Jimmie Callahan calls Johnson, for half a dozen safeties were Mike Vernon of Boston and Hal Chase of New York and Chicago. All three who succeeded in getting five hits off the Washington hurler were "Babe" Ruth, "Doc" Foss and "Pete" Bledsoe of Chicago. W. Johnson, National League and "Buddy" Ryan of Cleveland, Ed Seward of New York, Mike Murphy and Jack McNamara of Philadelphia, and Derrill Pratt of St. Louis.

The greatest number of hits made off Johnson by a player in one game was three, Jackson and Chesbro of Cleveland, Doherty and Chapman of the Naps, and Lewis of Boston turning the trick. In Jackson's collection of safeties were two singles and a homer; in Chesbro's, two doubles and a single; in Lewis', two singles and a double; in Doherty's, two singles and a double; in Chapman's, two singles and a double. When the Bostonians obtained their three hits, the game lasted fifteen innings and the national baseball team lost, not a whit, since the Red Sox were whitewashed, 1 to 0.

A whole flock of pinch hitters faced Johnson in 1934, yet only two men, Al Hunterman of Boston and Jack Leibold of Cleveland and New York, succeeded in striking safeties when acting as emergency hitters. Each player got a brace of singles off Johnson.

Of the 100 hits charged against Mr. Johnson in 1934, 378 were singles, thirty-four were doubles, nine were triples and nine were home runs. The top-of-the-clubs were torn off by Frank Baker of Philadelphia, Harry Hooper of Boston, "Doc" Foss of Cleveland, Joe Lake of Detroit, and W. Johnson and Joe Jackson of Cleveland, the first named getting two, each of whom scored a home run. Lake's homer saved the Sox from being whitewashed, while the four-homers made by Hooper and Johnson, who manufactured at the start of a con-

## FEDERAL VISIT TO GOTHAM AROUSES SPECULATION.

BY A. P. NIGHT WIRE TO THE TIMES.

CHICAGO, Feb. 9.—The unexpected and hurried departure of three of the Federal League leaders to New York, where their opponents of organized ball are gathered this week in force, gave rise to two theories tonight:

One that peace between organized and outlaw ball is to be made, and the other that the Federalists, despite their protestations, are figuring on leaving the metropolis.

President James A. Gilmore of the Federal League and Charles Waghman and William M. Walker, owner of the Chicago club, made the trip.

Joe Jackson, president of the American League, though apparently well posted on the movements of the rival league magnates, said he knew nothing of the purpose of their journey. He did say, however, that he was opposed to the proposition to

## RITCHIE TO START HIS WORK FOR AD WOLGAST.

BY A. P. NIGHT WIRE TO THE TIMES.

SAN FRANCISCO, Feb. 9.—Willie Ritchie, lightweight champion of the world, will meet Ad Wolgast, from whom he took the title, in a ten-round bout at Milwaukee some time next month. The weight is to be 125 pounds at 8 o'clock, and Ritchie sent word today that the financial terms were satisfactory. As there is to be no referee's decision the title will be jeopardized only by the possibility of a knockout.

Next Wednesday Ritchie will leave San Francisco for the hot springs at

Washington's opponents. Cleveland got the greatest number of hits off Johnson last season, fifty-four, and St. Louis, the fewest, twenty-one. Below will be found data showing American League players fortunate enough to touch the Idaho phenom for safeties during 1934.

## FRENCH AERO EXPERT IN FAVOR OF THE BIG RACE.

BY A. P. NIGHT WIRE TO THE TIMES.

SAN FRANCISCO, Feb. 9.—Heavy co-operation of Rene Quinton, millionaire president of the French Aero League, in the \$1,500,000 round-the-world flying machine race now being arranged by the Pan-Pacific International Exposition was promised in a long cable received here today from the noted Frenchman.

The cable, sent to Arnold Kruckman, director of the bureau of aeronautics of the exposition, congratulated him upon the audacity of the project and offers suggestions as to its accomplishment. Exposition officials acknowledged tonight that Quinton's approval had been awaited, almost with anxiety, because of his position in the European aviation field and his experience in organizing the Paris-Rome, round-Europe, and other flights. Their anxiety was increased when Quinton, on first report of the news, said he would await developments before stating his position. The outline of the project was called him. Quinton wants to route the line of flight across Northern Africa and Persia, a route of across Northern Europe. This route was considered and temporarily abandoned because of the great mileage, but it will be taken up again when Kruckman gets to Europe and confers with Quinton, in accordance of his invitation, contained in today's cable.

## BUZZIN' AROUND TOWN.

BY GARDNER BRADFORD.

WHAT do you mean, you lost your dog? When I heard them playing it down at Harlow's I knew that something must have happened. And sure enough, for the \$1000 bull pup is missing.

Night away they plastered the papers with "lost and found" ads, but so far there is nothing doing, and the reward grows daily. The dog answers to the name of Murphy, and has a white head and neck. I couldn't quite figure it out, but he was last seen at the police station, and the officers thought he was looking for Fred.

Walter H. Harlow was telling me about the dog, and assuring me that he had positively got become entangled in the sausage machine. Al Norton came in and said that he had been matched with Kid Kenneth, and that they would do ten rounds at Vernon in the near future. I wonder if the hoodoo on heavy has ended.

Optimists they told me that the problem for the Thursday go had been framed, and the schedule is as follows: Steve Dalton and Ben Hart, lightweights; Harry Atwood and Al Sherman, featherweights; Jimmy Lastra and Fighting Lee, bantams. This ought to make a good card.

One of the most enthusiastic followers of Bully Petrokey is Jack Root. He kicks in there about every day and doesn't seem to be in the least perturbed over the reports about Clabby. He looks like one of the willing short-order.

But maybe the sailor won't fight after all. And for why? Someone out of his ranch sent in word that there was a gold mine. And he was just as full as all worked up in consequence. In the meantime, he wires: "Make sure, so if I quit I won't be broke."

Snowy Baker did not show up yesterday according to schedule. Abilities tend to be left for before beginning serious training. He is due to leave tomorrow for Milwaukee February 25 or 26.

## D.A.R. State Convention.

From now on the D.A.R. will be  
much in evidence on account of the  
State convention which comes off  
here next week, opening on Thurs-  
day. Owing to the recent death of  
I. N. Chapman, husband of the State  
Regent, Mrs. Chapman will not be in  
attendance, and the State Vice-Regent,  
Mrs. Maynard Force Thayer, will pre-  
side. It is entirely probable that  
Mrs. Thayer will be elected State  
Regent during the convention, as the  
present incumbent has served two  
terms.There are twenty chapters in  
Southern California, and delegates  
are expected from as many more in  
the central and northern part of the  
State. Mrs. John F. Swift of San  
Francisco, who is Vice-President-  
General, is also expected.Delegates are now being named  
from various chapters for the Na-  
tional Congress in Washington, D. C.,  
which comes off in April. Eschscholtz  
Chapier at its meeting last week  
elected the Regent, Mrs. H. C. Dillon,  
and Mrs. M. A. English for this  
honors. An important change in the  
admission fee to this chapter was al-  
so made, raising it from \$1 to \$10,  
and also decided that hereafter no  
one can be elected as Regent unless  
she has held office in a chapter.

## Dominant Club.

Arthur Babcock of Pasadena, who  
has a fine baritone voice, was a guest  
of the Dominant Club at its Febru-  
ary meeting last Saturday, and sang  
a delightful group of songs to the  
piano accompaniment of Clyde Col-  
lison, organist of the First Methodist  
Church. Other members of the club  
presented a program, which was espe-  
cially pleasing, was given by its own  
members—Mrs. Robert Wankowski,  
whose superb voice was heard to great  
advantage with violin, cello  
and piano accompaniment, and Miss  
Lalla Large, whose violin selections  
were charming. The customary so-  
cial hour was enjoyed at the conclu-  
sion of the program. A large num-  
ber of guests were present and mus-  
ical matters were discussed over the  
teacups with great gusto.

## Art Reception.

The Friday Morning Club art re-  
ception last Saturday afternoon was  
particularly enjoyable. Such a num-  
ber of handsome and distinguished  
men I have not seen before at a  
woman's club affair. Of course they  
were all—or mostly all—artists and  
probably that accounts for it, al-  
though for arguments to be given this  
morning to determine whether or not  
a scenario has any real value.Del Ruth occupied most of the day  
relating the number of scenarios he  
had written.The paintings on display were the  
work of William Wendt and Jean  
Manheim, president and vice-presi-  
dent, respectively, of the California  
Art Club. The exhibit will remain in  
place on the walls of the clubhouse  
auditorium for a month and those  
who missed the opportunity of seeing  
them on Saturday will have a further  
chance. In all, there are forty can-  
vases—few portraits by Manheim,  
who has, however, devoted himself  
almost wholly to landscapes and still  
life in this exhibit—and a score of  
paintings by that master of the  
brush—Wendt—nature studies and  
landscapes—summer and winter  
scenes, hills in morning light and  
under the rising moon, fog clouds and  
fallen leaves, the valley and the  
mountain peaks—in short—nature in  
all her moods. Altogether a great  
exhibit. Go and see it, which we, as  
Californians, are especially proud of.

## Women in Church Circles.

There will be a conference today at  
the First Methodist Church concern-  
ing deaconess and hospital work of  
the Home Missionary Society. The  
array of speakers includes Dr. Willis,  
president of the National Training  
School in San Francisco, who will  
talk about the college girl as a de-  
aconess; Mrs. D. B. Street, general  
secretary of deaconess and hospital  
work; Mrs. John Stevens, secretary  
for the Pacific Coast; Miss Henrietta  
Bancroft, general secretary; Dr. Dan-  
iel W. Howell of the general board;  
Rev. J. C. Elliott of the local Metho-  
dist Hospital, and the following de-  
aconesses: Misses Ada J. Breaken-  
ridge, Metta Chaffee, Ethel Kirk-  
wood, Anna Van Dam, and Nellie  
Bachman.

## PLEADS NOT GUILTY.

In the United States District Court  
yesterday, Bernardo Haure, alleged  
counterfeiter, pleaded not guilty. It  
is claimed that he is one of the gang  
who, during the holidays, got rid of  
a number of \$10 counterfeit bills  
among small merchants in the Plaza  
district.On Thursday the women of the  
First Congregational Church will  
hold their February meeting and a  
feature of the morning session will  
be an address by Mrs. V. H. Warner,  
corresponding secretary of the Na-  
tional Federation of Women's Home  
Missionary Unions.The new Santa

## VALUE OF SCENARIO?

Judge, Unable to Determine Ques-  
tion, Calls for Arguments, to Be  
Heard Today.Question as to whether a photo-  
play scenario has any real value is  
to be decided in Police Judge Wil-  
liams' court today.Hampton Del Ruth, who says he is  
the author of many scenarios, was  
tried before Judge Williams yester-  
day on a charge of having stolen a  
scenario from Mark E. Jones. Judge  
Williams was so much in doubt as to  
the value of a scenario that he ar-  
ranged for arguments to be given this  
morning to determine whether or not  
a scenario has any real value.Del Ruth occupied most of the day  
relating the number of scenarios he  
had written.The paintings on display were the  
work of William Wendt and Jean  
Manheim, president and vice-presi-  
dent, respectively, of the California  
Art Club. The exhibit will remain in  
place on the walls of the clubhouse  
auditorium for a month and those  
who missed the opportunity of seeing  
them on Saturday will have a further  
chance. In all, there are forty can-  
vases—few portraits by Manheim,  
who has, however, devoted himself  
almost wholly to landscapes and still  
life in this exhibit—and a score of  
paintings by that master of the  
brush—Wendt—nature studies and  
landscapes—summer and winter  
scenes, hills in morning light and  
under the rising moon, fog clouds and  
fallen leaves, the valley and the  
mountain peaks—in short—nature in  
all her moods. Altogether a great  
exhibit. Go and see it, which we, as  
Californians, are especially proud of.

## Women in Church Circles.

There will be a conference today at  
the First Methodist Church concern-  
ing deaconess and hospital work of  
the Home Missionary Society. The  
array of speakers includes Dr. Willis,  
president of the National Training  
School in San Francisco, who will  
talk about the college girl as a de-  
aconess; Mrs. D. B. Street, general  
secretary of deaconess and hospital  
work; Mrs. John Stevens, secretary  
for the Pacific Coast; Miss Henrietta  
Bancroft, general secretary; Dr. Dan-  
iel W. Howell of the general board;  
Rev. J. C. Elliott of the local Metho-  
dist Hospital, and the following de-  
aconesses: Misses Ada J. Breaken-  
ridge, Metta Chaffee, Ethel Kirk-  
wood, Anna Van Dam, and Nellie  
Bachman.

## PLEADS NOT GUILTY.

yesterday, Bernardo Haure, alleged  
counterfeiter, pleaded not guilty. It  
is claimed that he is one of the gang  
who, during the holidays, got rid of  
a number of \$10 counterfeit bills  
among small merchants in the Plaza  
district.On Thursday the women of the  
First Congregational Church will  
hold their February meeting and a  
feature of the morning session will

## DEATH TAKES CHICAGO MAN.

John Primley Passes at His Pasadena Home.

Noted Catholic Arrives for Visit in Southland.

Slayer Freed Because State Had No Evidence.

PASADENA, Feb. 10.—John P. Primley, a well-known business man of Chicago, president of the Wisconsin Granite Company and vice-president of the American Chile Company, died yesterday at his winter home, No. 230 Palmto drive, three weeks after he had come to the city from the East. He was unwell when he arrived, but it was believed that Mrs. Primley and by himself that the change in climate would bring about a recovery.

He did not improve as was expected, but his condition was not thought serious. Yesterday morning Mrs. Primley went to his room and found him dead. The cause of his death was pronounced heart trouble.

Primley was 61 years old and he leaves a widow and one son, Walter P. Primley. The latter is at Evanston, Ill. Funeral arrangements had not been made last night. There are many Chicago friends of the late business man now in the city.

**NOTED CATHOLIC ARRIVES.**

Martin Mahoney of Spring Lake, N. J., who is perhaps the most prominent Catholic layman in the United States, and who for his piety and benevolence was made a Marquis by Pope Leo XIII. arrived in Pasadena yesterday. He is accompanied by Mrs. Mahoney and they are at the Hotel Green. They have come to pass a month or so in the city.

Mahoney is a man who is known by Catholics from one end of the continent to the other. A self-made man, he has risen to the rank of a multimillionaire, but he has given away large sums in philanthropic work and has erected a number of church edifices.

He would grant no interview yesterday. Immediately on arriving he asked the clerk at the hotel to say that he would see no one all day as he wished to rest.

**AN UNUSUAL CASE.**

Though there are many victims of circumlocution, F. Garcia, a Mexican who engaged in a fight on Christmas day, last, with Longino Dominguez, a compatriot, stands in the more uncommon light of a victor of circumlocution. Because his combatant, who died of injuries he received in the fracas, was not in court to testify against him he went free yesterday.

When he came before Justice of the Peace McDonald for his preliminary hearing on a charge of assault with a deadly weapon. Had his adversary lived, though the alleged offense would have been a lesser one, he would probably have been punished.

There were no other witnesses to testify against him and the case was dismissed on motion of the District Attorney.

The dead man did not live long after the fight, concerning which the police were unable to learn much.

Garcia was held for a time at the Pasadena Hospital, he being injured himself, and was later removed to the County Jail.

**MAKE A PROTEST.**

Following a meeting of the directors of the Board of Trade yesterday forenoon the following telegram was dispatched to President Wilson at Washington:

"The Pasadena Board of Trade is both to protest against the policy of the administration, but believes that

## MUSEUM WANTS BASKING SHARK.

Long Beach Whaler Receives Order from East.

Red Tape Causes Mayor Wheaton Some Worry.

Hundreds of Boosters Attend Mount Lowe Concert.

LONG BEACH, Feb. 9.—Capt. Charles Loop, whose whaling exploits off Long Beach are recent history, may soon again set forth on the deep blue in quest of ocean leviathans. He has received an offer from a large museum in the East that he will probably accept. This institution, the name of which Capt. Loop refuses, for the present, to divulge, wants a specimen of the basking shark, a rare denizen of the Pacific found only off this part of the coast and near the coast of Peru. The museum is willing to pay \$1800 for the skin, but one other in existence on this continent, and that is owned by the Smithsonian Institution. It was captured off Venice eight years ago.

Capt. Loop's ally onto the deep after gray whales cost him more than he received from the exhibition of the two gray whales he harpooned, and, although the offer is tempting, he is weighing the situation well before he gives his final answer. He says he knows where he can successfully fish for the shark, which sometimes attains a length of forty feet and weighs 3500 pounds, but the expensive equipment necessary to land a specimen of the basking shark makes him hesitate.

**EXPENSIVE DELAY.**

Red tape and delay may lose an appropriation for the building at this session of Congress. Mayor Wheaton spent part of the afternoon in interviewing the United States engineer's force in Los Angeles in regard to the amended map of the harbor, which must be sent to Washington immediately if action is to be taken at this session.

The government engineers told the Mayor they had received no request for an amended map of the local harbor, and that it would probably be sent to the Los Angeles office through the San Francisco office, and the same procedure would be followed in getting the new map to Washington.

This delay of about two weeks is certain, Mayor Wheaton wired Roberts and Frick, harbor envoys, telling them of the situation.

**REPAIRING AUDITORIUM.**

Months after the disaster that cost two score lives, the work of repairing the Auditorium has begun today. This was coincident with the setting for trial of the first case against the city for damages. It is the work of M. A. Grace, who wants \$25,000. The Board of Public Works is doing the repair work to the Auditorium. Workmen commenced the repair at the threshold of the building. The new work will comply with the amended building ordinance.

**FISHERMEN ARRESTED.**

Two Japanese fishermen, Y. Makamori and Y. Shimada, were arrested by Deputy Constable Newell on the charge of fishing within a mile of the shore. They were arrested at the mouth of the San Gabriel River. The two men were taken to the County Jail. They were arrested on the charge of fishing within a mile of the shore. **NEWS BRIEFS.**

G. E. Morris of the firm of Seward & Morris, No. 112 Magnolia avenue, has arranged for capital to start a paint factory on the harbor, and he is now looking for a suitable site.

## MUSEUM WANTS BASKING SHARK.

Long Beach Whaler Receives Order from East.

Red Tape Causes Mayor Wheaton Some Worry.

Hundreds of Boosters Attend Mount Lowe Concert.

LONG BEACH, Feb. 9.—Capt. Charles Loop, whose whaling exploits off Long Beach are recent history, may soon again set forth on the deep blue in quest of ocean leviathans. He has received an offer from a large museum in the East that he will probably accept. This institution, the name of which Capt. Loop refuses, for the present, to divulge, wants a specimen of the basking shark, a rare denizen of the Pacific found only off this part of the coast and near the coast of Peru. The museum is willing to pay \$1800 for the skin, but one other in existence on this continent, and that is owned by the Smithsonian Institution. It was captured off Venice eight years ago.

Capt. Loop's ally onto the deep after gray whales cost him more than he received from the exhibition of the two gray whales he harpooned, and, although the offer is tempting, he is weighing the situation well before he gives his final answer. He says he knows where he can successfully fish for the shark, which sometimes attains a length of forty feet and weighs 3500 pounds, but the expensive equipment necessary to land a specimen of the basking shark makes him hesitate.

**EXPENSIVE DELAY.**

Red tape and delay may lose an appropriation for the building at this session of Congress. Mayor Wheaton spent part of the afternoon in interviewing the United States engineer's force in Los Angeles in regard to the amended map of the harbor, which must be sent to Washington immediately if action is to be taken at this session.

The government engineers told the Mayor they had received no request for an amended map of the local harbor, and that it would probably be sent to the Los Angeles office through the San Francisco office, and the same procedure would be followed in getting the new map to Washington.

This delay of about two weeks is certain, Mayor Wheaton wired Roberts and Frick, harbor envoys, telling them of the situation.

**REPAIRING AUDITORIUM.**

Months after the disaster that cost two score lives, the work of repairing the Auditorium has begun today. This was coincident with the setting for trial of the first case against the city for damages. It is the work of M. A. Grace, who wants \$25,000. The Board of Public Works is doing the repair work to the Auditorium. Workmen commenced the repair at the threshold of the building. The new work will comply with the amended building ordinance.

## Shredded Wheat

It is the real "staff of life," being made from the whole wheat grain, steam-cooked, shredded and baked under conditions that insure its absolute purity and cleanliness. More nourishing than meat or eggs, costs less and is much more easily digested. Supplies the warmth and strength that are needed for chilly days.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with hot milk or cream will supply all the energy needed for a half day's work. Deliciously nourishing when eaten in combination with baked apples, stewed prunes, sliced bananas or canned or preserved fruits. Try toasted Triscuit, the Shredded Wheat wafer, for luncheon with butter, cheese or marmalade.

Made only by The Shredded Wheat Company, Niagara Falls, N. Y.
